ADVANCED:

Java • Android

PROFICIENT:

C • C++ • UNIX/LINUX

BASIC:

HTML • CSS • JavaScript • SQL

PROJECTS

PERSONAL WEBSITE

- Built a simple, responsive website
- Linked at the top of the resume

EVENTLIT

- Android App that makes it easier to find student organization events
- Developed the entire frontend (17 screens) in Java and XML
- Assisted with file storage and SMS integration
- Developed a functional MVP as a proof of concept

ALEXA SKILLS

- Developed 2 skills: one tells you the next Indian Holiday and the other tells programming jokes
- Ideas came from personal interest

INVOLVEMENT

UCSD CSE ALUMNI BOARD

Apr 2020 - Present

- Member of the UCSD CSE Alumni Advisory Board (AAB)
- Started the events subcommittee which puts on events for students and alumni

EXPERIENCE

GOOGLE | Software Engineer

Aug 2019 - Present | Mountain View, CA

- Working on the Android Bluetooth team

ADOBE SYSTEMS | Software Engineering Intern

Summer 2018 | San Jose, CA

- Subscription Lifecycle Services team in the Cloud Technology org
- Developed backend APIs in Java to view the progress of creating a license (including errors) in a new licensing microservice
- Wrote a frontend tool (AngularJS) that uses the APIs to consolidate this information and avoid tedious searching through logs

UCSD CSE DEPARTMENT | Tutor

Mar 2016 – Jun 2018 | La Jolla, CA

- 8 quarters as a department tutor
- Tutored CSE 30: Computer Organization & Systems Programming (C and Assembly) and CSE 11: Introduction to Computer Science and Object-Oriented Programming: Java for Prof. Richard (Rick) Ord
- Tutored CSE 12: Basic Data Structures and Object-Oriented Design (Java and C) for Prof. Marina Langlois
- Help students on assignments, answer questions, run quiz reviews / discussions, and grade assignments and exams

COURSE HERO | Software Engineering Intern

Summer 2017 | Redwood City, CA

- Developed a Reviewer tool to add new schools to our database
- Developed a new flow for users to request new schools that aims to minimize duplicate school submissions
- Picked up React.js, PHP, and SQL over the internship

QUOTIENT | Software Engineering Intern

Summer 2014, 2015, and 2016 | Mountain View, CA

- 2 summers on the mobile team, 1 on the platforms team
- Implemented REST APIs for the Retailer IQ Platform which over 27,000 stores utilize including Dollar General and Walgreens
- Verified code changes through PostMan, wrote Bash scripts to verify offer scores, and ran JMeter load tests to verify server performance
- Developed the company's android wear application (Java) which was available on the Google Play Store
- Developed a building maps android app in Java for the campus

AWARDS AND HONORS

UCSD CSE AWARD FOR EXCELLENCE

- Received the top Computer Science and Engineering department award at the engineering graduation

UCSD ENGINEERING RING CEREMONY SPEAKER

- Selected as the 2019 Jacobs School of Engineering Ring Ceremony distinguished student speaker
